Hi Brenda,

We do not have authority to provide access to the site. EPA has previously gained access from the site owners, Columbia Falls Aluminum Company. Their main number is 406-892-8400.

Thanks,
Rob

Good afternoon Gentlemen,
My name is Brenda Ahearn, I am the senior photographer at the Daily Inter Lake in Kalispell, Montana. Today my editor forwarded a press release today about the EPA's proposal to add the Columbia Falls Aluminum Plant to the National Priorities List.

We are interested in gaining access to the plant to photograph the current conditions. Is this something you have the authority to grant? If not, do you have suggestions on whom I should get in touch with?

Thank you in advance for you assistance.

Respectfully,
Brenda Ahearn
